Allowable Subject Matter

1. After a further search and a thorough examination of the present application and in light of the Applicant's arguments and in light of the prior art made of record, claims 1-21 are found to be in condition for allowance.

Reasons for Allowance

2. The following is an Examiner's statement of reasons for the indication of allowable subject matter:

The claim is allowable over the prior art of record since the cited reference taken individually or in combination fails to particularly disclose an apparatus and method for controlling a line blanker comprising providing a line blanker control signal embedded in a stereoscopic image, the line blanker being responsive to the control signal to enable or disable the line blanker, wherein the control signal is embedded within the first line of the line-blanked image.

It is noted that the closest prior art of record (Zalm US Patent no. 4,399,456) teaches a similar line blanker method, however, Zalm fails to particularly teach or suggest *"providing a line blanker control signal embedded in a stereoscopic image, the line blanker being responsive to the control signal to enable or disable the line blanker, wherein the control signal is embedded within the first line of the line-blanked image."* as specified in the claims.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance".

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gims S. Philippe whose telephone number is (571) 272-7336. The examiner can normally be reached on M-F (10:30-7:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dastouri S. Mehrdad can be reached on (571) 272-7418. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
